Bookbinding Create a Unique Business Card

A Fashion student asked us to produce some **business cards**. She wanted them blind embossed (Black on Black). So metals dies were made from artwork supplied which was a black and white pdf. The stock used was a G F Smith 540gsm colourplan board with an embossed finish. We supplied various designs and options for her to choose from.

We also had a separate metal die made to blind emboss a **metallic finish** paper carrier bag. At the same time we produced a rigid board cover and printed and wire bound a small portfolio. The boards were rigid enough to allow the document to stand up on its own for display purposes. Inner pages were printed on a 170gsm silk coated paper and some images printed on a translucent heavyweight tracing paper.
